

POWERFUL  PERFORMANCE

Introducing the Graber Motorized Wand

NEW, EASY TO USE & MORE SALES FOR YOU

Our latest—and simplest—motorization solution, the new Graber Motorized Wand offers our quietest motorized control right at the window.

SO EASY TO USE

The top-of-the-line Graber Motorized Wand has a three-button system that provides simple control, precisely moving the shade up, down, or to a favorite saved position.

MUST-HAVE SAFETY FEATURES

Offers all the safety benefits of cordless control and includes a breakaway feature for extra protection for homes with kids and pets.

THE ULTIMATE CONVENIENCE

All the convenience of motorization, the Graber Motorized Wand is as easy as it gets. Simple and intuitive operation makes it a great fit for consumers who are new to motorization. Easy install, too!

OUR QUIETEST MOTOR

The Graber Motorized Wand provides smooth, oh-so-quiet operation thanks to our proprietary motor. In fact, it's Graber's quietest motorization option with soft start-and-stop functionality.

THREE-YEAR BATTERY LIFE

The Graber Rechargeable Battery Pack is an easy-to-sell upgrade to the motorized wand, offering an average three-year battery life.*

HIGHLY DURABLE PRODUCTS

Made to endure, Graber technology allows for install-it-and-forget-it convenience.

*Up to three years on an average size shade 48" x 60" operating at an average of one up/down cycle per day.
